

**DAILY DOSE OF DAX**

**VACATION INFO for second half of July 2024**

**I am traveling on Sunday, July 14<sup>th</sup>, and will be on vacation for two weeks - up to Sunday, July 28<sup>th</sup> 2024.** That period covers 10 trading days. **During that time, DAILY DOSE OF DAX Service WILL WORK**, with some usual vacation changes: *No Recap videos in that period, just a few tweets per day, Setups Gallery will be made with less detail, no Weekend Updates. Answering email questions will likely be in the evenings.* Flight time - in case of delays - COULD influence Monday, July 15<sup>th</sup>, and Monday, July 29<sup>th</sup>. IF I think that there will be no time to make usual Morning prep, I will make sure to make something else - like Evening prep.

**Email Update #1, MORNING NOTES and CHARTS - as the core products of this Service - will of course be there every trading day.**

*To be able to provide usual size / resolution charts, besides a laptop, I always carry additional monitor. This one was in Spain, Italy, Greece, Montenegro, Serbian mountains and rivers...*

*Usually working like this (photo from the hotel room in Rome, on Easter 2023).*
