IF NEW TO THIS SERVICE: check Rules and Principles page first.

DAILY DOSE OF DAX: Page for downloading **MORNING NOTES** and **Additional Charts**. Also the place to find last couple of Recap videos, and the Setups Gallery for the previous week.

Rules and Principles: Written and audio material about zones, rules of thumb and my general principles.

Setups Gallery: With December 2023 - 48 months of trading setups for Location Based Trading. That's last FOUR YEARS - of every single trading day covered, so pretty much every environment, volatility or situation is there.

Educational videos page: **Many** videos there, like "Entries on a pullback"; "Stops and Stop Placement"; "How to make S/R zones"; "My Favorite Trading Setups", then some older ones like "Where and When to Entry", video about Inventory Correction etc. **Added in 2023:** "How to Catch a Pullback in Strong Trending Environment" - with the trade example; "TIMING, SESSIONS and BEHAVIOR" video, with the list of usable timings as PDF file, and "Morning Trading Routine" - a video with the steps to take before Xetra opens.

Members Archive page: **Contains ALL Recap videos, and all previous M. NOTES and Charts PDF files.** On this page, there are now 100+ of so called **POWER RECAPS** - longer edition of videos which are the ones covering more Technical Analyses and practical things in short term trading. This library is just getting bigger in time.

Any questions you have - ask them on the email - straydogtrading@gmail.com; I am answering all email on the day I receive them, and usually very quickly. This is not the case only when I am on vacation (answering in the evenings).

[About me page](#) of the website is there for you to get to know me - who I am, and what I trade.
